TASTING NOTES

PRODUCT NOTES

The climates Au Bas de Combe and Aux Barrières make up our Nuits-Saint-Georges Village. Located at the northern end of Nuits, before the other climates of the Vosne-Romanée appellation, the clay-limestone soil is predominantly clayey.

PRODUCTION NOTES

The grapes are harvested and the harvest is sorted manually. Before alcoholic fermentation, a pre-fermentation cold maceration lasting 4 to 6 days helps to extract the phenolic compounds. The 15-day maceration with punching down without pumping over is carried out. Alcoholic fermentation is carried out with indigenous yeasts. After maceration, press wine and free-run wine are separated and aged separately. 15 months including 30% new barrels.
