Pairing with game and other meats.

PRODUCT NOTES

The Yianakohori vineyard has an overall southeast exposure at an altitude of 120-280 m. The Estate is divided into a mosaic of 42 blocks of vines of different microclimates with varying exposure, orientation, slope, soil type, rootstock, density and age of vines. The Diaporos grapes come from the "heart" of block no. 5 of the Yianakohori vineyard, just above a small lake, a Kir-Yianni landmark.
